PERSONAL PROJECTS

Tic Tac Toe - Single Player (03/2020 – 03/2020)
- This is an Application made in C/C++in which the computer decides it's move based on the moves made by the user. It is almost impossible to beat the computer, at most, we can expect a DRAW.

Image Compressor using Python (04/2020 – 04/2020)
- This is a Python Script written by me to compress an image to the desired quality. The Script compresses all the JPG/JPEG images in the folder in which the script is kept while running.

WhatsApp Multiple Message Sender (02/2020 – 02/2020)
- This is a Python Script written by me by which we can send customized WhatsApp messages to any number of persons we want. We can even send different messages to different persons.

KeyLogger Using Python (05/2020 – Present)
- The python script is capable of storing the keys entered by the user after running the program in a file as per the convenience of the user.

SKILLS

C C++ Python 3 Java HTML5
CSS3 JavaScript Creative Writing
Public Speaking Dart Copywriting
